Only complete the next signature line if you are preparing the return for or on behalf of the business entity, and are not a constituent of the business. This item generally applies to accountants, tax preparers and attorneys.

ABOUT THE BUSINESS PERSONAL PROPERTY TAX RETURN

WHAT MUST BE REPORTED

Generally, all tangible personal property owned, leased, consigned or used by the business, and located within the State of Maryland on January 1 must be reported. Property not in use must still be reported. All fully depreciated and expensed personal property must also be reported.

Personal property includes, but is not limited to, office and plant furniture, machinery, equipment, tools, furnishings, trade fixtures, inventory, and all other property not considered part of the real estate.

Personal property in this State (other than operating property of Railroads and public Utilities) falls into two subclasses:

I. Stock in business or inventory is goods held by a taxpayer for sale, and goods placed on consignment to another for sale, in the expectation of a quick turnover. Stock in business does not include goods manufactured by the taxpayer but held by the taxpayer for purposes other than sale, or goods manufactured by the taxpayer but placed in possession and control of another as in the case of leased property.

Stock in business is assessed at cost or market value, whichever is lower. LIFO method of valuation is prohibited.

II. All other personal property includes all personal property, other than inventory, and is reported at full cash value.

Taxpayers shall report such property which has been acquired by purchase at cost in the year of acquisition. Taxpayers shall report such property which has been acquired other than by purchase (including property manufactured by the taxpayer) at fair market value. To assess “all other personal property” the Department generally applies a 10% rate of depreciation per annum to the reported property. Exceptions to the 10% rate can be found on the Depreciation Rate Chart on page six (6). Normally, property will not be depreciated below 25% of the original cost.

Estimated assessments may be issued when questions remain unanswered or the answers are incomplete or evasive. **Real property is not to be reported on the return.**

REPORTING COST OF PERSONAL PROPERTY

Round amounts to the nearest whole dollar. Fifty cents and above should be rounded to the next highest dollar.

COMPLETING THE BUSINESS PERSONAL PROPERTY TAX RETURN

At the top of the Business Personal Property Tax Return, copy the complete legal name of the business and the **Department ID** from the first page in the spaces provided. This is required to correctly credit your account.

SECTION V

All business entities complete. It is necessary to provide the business name and Department ID # so that proper credit may be made to your account.

Questions A through F

Must be completed by any business entity that responded "Yes" to either question in **Section III**.

Provide the correct mailing address. Be sure it is the same address you provided on the Form 1, Annual Report.

Provide a current email address so that you can receive important assessment updates from the Department.

Indicate whether or not business is conducted in Maryland. Provide the date business began in Maryland.

Provide a short description of the activity of the business (i.e., "restaurant" or "construction," etc.)

If the business operates on a fiscal year provide the start and end date. If it operates on a calendar year, you may leave this item blank.

Provide the total gross sales generated from business transacted in the State of Maryland for the calendar year preceding the date of finality.

If the business does not own, lease, or use any tangible personal property in Maryland, but has generated any amount of gross sales, please provide an explanation of how the business operates in Maryland without any tangible personal property. If the business is using the personal property of another business entity, provide the name, Department ID, and address of that business. Use the **REMARKS** section to provide any additional applicable information.

SECTION VI

SPECIAL INSTRUCTIONS FOR ITEMS 1-10

Must be completed by any business entity that responded "Yes" to questions in **Section III**.

Location Information

Exact Location

Since local tax rates and exemptions differ in each county and in each incorporated town, the physical location of the tangible business personal property within Maryland as of January 1st must be clearly indicated by the business.

Post Office Box numbers are not acceptable. If property is located in an incorporated town, supply the name of the town. An incorporated town has its own government and defined municipal boundaries. Please see the attached current list of counties and incorporated towns within each county. Inventory is deemed permanently located where the business is conducted. Although some jurisdictions may exempt inventory from an assessment, entities that require a Trader's License must report commercial inventory in Question 2.

Multiple Physical Locations

If property is located in two or more locations, please supply a breakdown per location by completing copies of the **Additional Locations Worksheet**. The additional locations worksheet can be found on our website <https://dat.maryland.gov/Pages/sdatforms.aspx>

For ease in reporting, entities may upload additional schedules up to 50MB when filing through Maryland Business Express. *All uploaded files must be in PDF format when filing through Maryland Business Express.*

For businesses that currently provide excel worksheets and would prefer to continue, please email your data to sdat.persprop@maryland.gov

Always include the complete name of the entity and the Department ID number.

B. Although it may be common practice not to report fully depreciated and/or expensed property on the Federal Income Tax Return, it should be reported on the Business Personal Property Return and is subject to assessment. If the business owns any fully depreciated and/or expensed personal property, and it is **not** reported in **Section VII**, please complete **Form SD1**. It may be necessary to include a schedule that contains detailed description of the personal property, the original cost, and the year of acquisition.

C. If the business has disposed of or transferred assets in to or out of Maryland during the prior year, please complete **Form SD1** and provide the cost of the disposed/transferred property, the manner of disposal, and to whom the property was transferred. Please provide sales agreements, settlement sheets or other supporting documentation.

TRANSFER OF PROPERTY

If a business transfers, sells, or disposes of all personal property on or after January 1, but before July 1, the Department must be notified in writing on or before October 1. The notification must contain an itemized description of the property involved, the date and manner of transfer, the name(s) and address of the new owner(s) of the property, the consideration received, and a copy of the

sales agreement (if available). Upon proper notification and compliance with Section 10-402 of the Tax Property Article, the assessment shall be transferred to the new owner(s). See **Form 21 as you may be required to complete and submit it to the Department.**

OUT OF BUSINESS

If a business discontinues operations or goes out of business prior to January 1, and has not filed Articles of Dissolution (Domestic Corporations), an Application for Termination (Foreign Corporations), a Certificate of Cancellation (LLC) or a Withdrawal Notice (LLP, LP) with the Department's Charter Division, a return or letter of explanation detailing the date the business ceased operations and what happened to the property must be filed. **Failure to provide this information may result in an estimated assessment being made against the business and the business not having good standing status.**

Businesses that have not filed Articles of Dissolution, an Application for Termination, a Certificate of Cancellation or a Withdrawal Notice are legally active until they do so, or until their charters are forfeited (Domestic Corporations), or their authority to do business is forfeited (Foreign Corporations, LLCs, LLPs, LPs, statutory trusts (formerly business trusts), and REITs). See website **Charter Business Services** for frequently asked questions.

AUDIT OF RETURN

All personal property assessments, and any information, and figures reported on the personal property return, accompanying schedules and related documents are subject to audit. As a result of such audits, the Department may issue corrected assessments.

AMENDED TAX RETURNS

Amended Business Personal Property Tax Returns can be filed to correct reporting errors or claim a missed exemption (except for missed manufacturing exemptions) within 3 years of the April 15th date that the return was originally due. Amended returns must be accompanied by information explaining why the personal property tax return is being amended and reconciling the differences with the original tax return. Please write **AMENDED** across the top of page 1 and in the **REMARKS** section, along with a brief explanation for the amended personal property tax return. You may also wish to provide additional detail for an amended return by making use of the Form SD1. Again, please **verify that your entity name and Department ID number figure prominently.** Do not send \$300 filing fee with an amended tax return. Amended tax returns should be mailed to:

**Maryland Dept. of Assessments and Taxation
Personal Property Division
301 W. Preston Street
Baltimore, Maryland 21201-2395**

EXEMPTIONS

Personal Property Tax Exemptions provided by statute shall be strictly construed. Before an exemption can be obtained, the taxpayer must show affirmatively that the exemption is clearly allowed.

Businesses may file amended returns to correct reporting errors or claim missed exemptions (except for missed manufacturing exemptions) within three years of the April 15th date that the return was originally due. The following are examples of two of the more common personal property tax exemptions.

Manufacturing and Research and Development, Tax Property Article § 7-225

For manufacturing exemption requests, an application must be submitted on or before September 1 of the assessment year in order to qualify for the current tax year. Please see <https://dat.maryland.gov> for the Manufacturing and R&D Exemption Application. Section 7-104 of the Tax-Property Article of the Annotated Code of Maryland has been revised to include subsection (d) that allows the owner of manufacturing personal property to file an application within 6 months after the date of the first assessment notice for a taxable year that includes the manufacturing personal property. If the application is approved, the exemption shall be granted for the taxable year. This exception to the September 1 deadline is applicable to taxable years beginning after June 30, 2009. No manufacturing exemption can be granted unless a timely application is filed.

Once the exemption is granted to an entity, no additional manufacturing applications are required in subsequent years. Manufacturing assets acquired after the exemption is granted will need to be described as well as the role the assets play in the manufacturing process. If this information is not provided, the assets will likely be subject to assessment.

It will be necessary to provide the letter from the Department granting your entity the **Manufacturing/R&D Exemption**, to any companies that lease manufacturing equipment to your entity so that the leased equipment can qualify for the exemption. The law specifically includes the following activities as part of the manufacturing process: (1) the identification, design or genetic engineering of biological materials for research or manufacture; and (2) the design, development or creation of computer software for sale, lease or license.

Other personal property assessment exemptions:

All personal property **owned** by certain organizations, including religious groups, government, non-profit hospitals, cemetery and mausoleum companies, and certain other organizations, or groups which meet certain "strict use" criteria is exempt. These are referred to as exempt organizations and are fully exempt throughout Maryland from any assessment and taxation. In section V, F or in Remarks, please give a brief explanation or reason for the exemption.

Charitable or Educational Purposes, Tax-Property Article § 7-202

Non-stock educational or charitable exemptions are also obtained by filing an application. An organization must submit written information detailing its operation in the form of the Department's Charitable Application. If the organization is required to file an **IRS Form 990**, it should be included with the application. Also, submit a copy of the 501(c)(3) certification from the IRS. Please note that because the laws differ, organizations granted exempt status by the Internal Revenue Service are not necessarily exempt from personal property taxation in Maryland. The exemption applies to the assessment. Entities that are granted an exemption under Tax Property Article 7-202, are still required to file the Form 1.

Exemption applications may be emailed to sdat.ppaudit@maryland.gov.

In addition, State law requires that certain types of personal property be fully exempt throughout Maryland from any

assessment and taxation. These include aircraft, farming implements, residential (non-business) property, most registered vehicles, boats not more than 100 feet in length, customized computer software, intangible personal property (e.g., stocks, bonds, patents, goodwill, trademarks, etc.).

Full or partial exemptions may apply depending on the location of the property for: manufacturing/R&D machinery and equipment, manufacturing/R&D inventory and commercial inventory. Visit the Department's website for a complete listing of these exemptions.

Tax Property Article § 7-245

A person's (**any business entity's**) personal property is not subject to valuation or to property tax if **ALL** of the person's personal property **statewide** has a total original cost less than \$2500. This exemption shall take effect July 1, 2018, and shall be applicable to all taxable years beginning after December 31, 2018.
